## About FirstChoice

FirstChoice is an Ohio based company specializing in home health care. We have a history of caring. Founded in 1998, we are owned and operated by a dedicated group of home care professionals. Our company continues to grow across Ohio with a commitment to excellence that allows us to offer the finest quality of home health care.

FirstChoice has established an outstanding reputation by identifying the specific requirements of our clients and matching those requirements with the best health care associates. Our dedicated staff personally assists our clients and coordinates services with both family and physicians. We combine the latest technology and training available using a personal and caring approach.

## Goals of the Journey Program

- Transition client from acute levels of care to home and community
- Increase medication and treatment compliance
- Improved functional ability
- Prevent expensive in-patient hospitalization
- Decrease emergency services utilization
- Improve knowledge about medications, illness, coping, staying well and community resources
- Decrease symptoms
- Increase patient's quality of life and overall health management

Through the Journey Program, First Choice provides Behavioral/Mental Health home care services to home bound adults. Services are provided by a multidisciplinary team that provides comprehensive short-term intermittent home health services. The team is made up of Psychiatric-Mental Health Nurses, Social Workers, Physical, Speech and Occupational Therapists and Home Health Aides who can meet the holistic needs of the patient.

*Our home health care professionals are bonded, licensed and have had background checks and drug testing.*
